## Feedback from Clients

**Jane Anderson**  
Homeowner, San Diego

In the fast-paced dining scene of Singapore and Malaysia, Top Source Hygiene has been a lifesaver. Their custom-branded toilet paper and kitchen paper towels, printed with our logo, help maintain a cohesive brand image across all our outlets. The towels are tough, absorbent, and perfect for busy kitchens, while the toilet paper holds up in high-traffic restrooms. We've seen a 10% increase in customer return rates, partly due to the professional touch these products add. Their Asia team delivers in just 20 days, keeping our operations smooth."

**John Moore**  
Procurement Manager, Coastal Elegance Hotels, North America

"Switching to Top Source Hygiene's customized toilet paper was a game-changer for our boutique hotel chain in the U.S. The rolls are incredibly soft, absorbent, and feature our logo, which adds a touch of elegance to every guest bathroom. Since implementing these, our guest satisfaction scores for amenities jumped by 20%, and we've seen a noticeable uptick in positive online reviews mentioning our attention to detail. Top Source's team worked closely with us to nail the design and ensured deliveries arrived on time, every time, even during peak seasons."

**Kimberly Bailey,**  
CEO, Retail Group, Europe

"Top Source Hygiene's eco-friendly facial tissues have become a cornerstone of our sustainability-focused retail strategy in Germany and Scandinavia. Made from FSC-certified recycled paper, they align perfectly with our customers' demand for green products. Since adding these to our shelves, tissue sales have soared by 30%, and shoppers frequently praise the softness and environmental credentials. Top Source's reliable supply chain and consistent quality have made them an invaluable partner for our expansion across Europe."

**James Head**  
Homeowner, New York City

"Top Source Hygiene's jumbo roll tissue has transformed how we manage costs for public facilities in Nairobi, like schools and bus stations. The high-capacity rolls last longer, cutting maintenance costs by 15%, and the FSC-certified materials appeal to our clients' growing interest in sustainability. The option to customize packaging with our branding has also helped us stand out in a competitive market. Top Source's reliable 25-day delivery to Mombasa and responsive Africa team make them our go-to supplier." – Aisha Kamau, Facilities Manager, East Africa Solutions Ltd., Africa
